

RECYCLED PARTS REQUEST FORM

For your convenience, these forms were developed to improve communication between collision repair facilities and recyclers. Use the following forms to identify the recycled parts and sections needed.

DIRECTIONS:

1. Use this document as a master and copy pages as needed.
2. Fill out the upper portion of the form with all available information.
3. Use the diagrams to circle the exact section required. Use lines to mark the location of cuts on the side, top, and underbody views.
4. Use the space provided to include any addition information or sectioning specifications.
